HR & PEOPLE ANALYTICS FORUM

So, you couldn't answer YES to "seven deadly sins". Congratulations! Here we go:

Instead of "About this Conference"

Please visit the official forum website. Speakers, topics, media partners – all the info you need is there and then some.

Make sure you watch HRPA FORUM 2017-18 video-testimonials: https://youtu.be/IBeL96D_Mtc and <https://youtu.be/KbczxAPTEJA>

So what is the big deal about this conference?

The big deal is that HR Analytics is the hottest topic in HR today. Use of big data, predictive analytics to drive recruitment, candidates' selection, employee engagement and so much more is the name of the game. So, if you are software vendor, solution provider, recruitment consultancy – well, you want to be there, right in front of and together with all the delegates.

Why? Why I want to be there?

Because everyone who counts in HR from Poland and the region is going to be there.

Why?

Because, this is the Future of Work and some of the most brilliant minds will be talking about it. People want to know about it.

So what?

So, if you are reading this document because you want to make future business and ROI, you want to meet these people.

OK... and?

So the big deal is that we brought some the brightest and most influential speakers in HR Analytics right here, to make it possible for hundreds of CHROs from Poland and other CEE countries to hear them speak. That is why the participation on this conference is massive, both in terms of quantity and seniority of delegates.

So what you're saying is...

Yes exactly! People want to hear about this and they want to hear a lot. Moreover, they want to meet the solution providers, they want to learn about what YOU can do for them. That's right.

OK, what do I get?

A lot! Here's an overview:
